## INTRODUCTION

Priority Partners is pleased to provide the 2022 Priority Partners MCO Formulary. The Priority Partners Formulary is a guide for health care providers and plan members. The formulary is updated on a regular basis, including when a new generic or brand-name medication becomes available, and as discontinued drugs are removed from the marketplace.

**The Priority Partners Formulary is a closed formulary and only those drugs listed in this formulary are covered.**

The drugs selected for this formulary have been reviewed and approved by the Priority Partners Pharmacy and Therapeutics (P&T) Committee. Formulary drugs are clinically appropriate and cost-effective for patients who have their drug benefit administered through Priority Partners. There may be occasions when an unlisted drug is desired for medical management of a specific patient. In those instances, the unlisted medication may be requested through the process, which is explained in the **NON-FORMULARY EXCEPTION REQUESTS** section of this document.

Please visit our website at [www.jhhc.com](http://www.jhhc.com) for additional information regarding the Priority Partners MCO Formulary.

## NONDISCRIMINATION STATEMENT

### Notice of Nondiscrimination

It is the policy of Priority Partners MCO not to discriminate on the basis of race, color, national origin, sex, age or disability. Priority Partners MCO has adopted an internal grievance procedure providing for prompt and equitable resolution of complaints alleging any action prohibited by Section 1557 of the Affordable Care Act (42 U.S.C. 18116) and its implementing regulations at 45 CFR part 92, issued by the U.S. Department of Health and Human Services. Section 1557 prohibits discrimination on the basis of race, color, national origin, sex, age or disability in certain health programs and activities. Section 1557 and its implementing regulations may be examined in the office of Ms. Jennifer Glenn, Johns Hopkins HealthCare Compliance Grievance Coordinator, Johns Hopkins HealthCare Corporate Compliance Department at 7231 Parkway Dr., Suite 100, Hanover, MD 21076, phone: 1-844-422-6957, fax: 1-410-762-1527, and email: [compliance@jhhc.com](mailto:compliance@jhhc.com), who has been designated to coordinate the efforts of Priority Partners MCO to comply with Section 1557.

Any person who believes someone has been subjected to discrimination on the basis of race, color, national origin, sex, age or disability may file a grievance under this procedure. It is against the law for Priority Partners MCO to retaliate against anyone who opposes discrimination, files a grievance, or participates in the investigation of a grievance.

#### Procedure:

- Grievances must be submitted to the Section 1557 Coordinator within (60 days) of the date the person filing the grievance becomes aware of the alleged discriminatory action.
- A complaint must be in writing, containing the name and address of the person filing it. The complaint must state the problem or action alleged to be discriminatory and the remedy or relief sought.
- The Section 1557 Coordinator (or her/his designee) shall conduct an investigation of the complaint. This investigation may be informal, but it will be thorough, affording all interested persons an opportunity to submit evidence relevant to the complaint. The Section 1557 Coordinator will maintain the files and records of Priority Partners MCO relating to such grievances. To the extent possible, and in accordance with applicable law, the Section 1557 Coordinator will take appropriate steps to preserve the confidentiality of files and records relating to grievances and will share them only with those who have a need to know.
- The Section 1557 Coordinator will issue a written decision on the grievance, based on a preponderance of the evidence, no later than 30 days after its filing, including a notice to the complainant of their right to pursue further administrative or legal remedies.
- The person filing the grievance may appeal the decision of the Section 1557 Coordinator by writing to the President of Johns Hopkins HealthCare within 15 days of receiving the Section 1557 Coordinator's decision. The President of Johns Hopkins HealthCare shall issue a written decision in response to the appeal no later than 30 days after its filing.

The availability and use of this grievance procedure does not prevent a person from pursuing other legal or administrative remedies, including filing a complaint of discrimination on the basis of race, color, national origin, sex, age or disability in court or with the U.S. Department of Health

Rev. 5/29/19

and Human Services, Office for Civil Rights. A person can file a complaint of discrimination electronically through the Office for Civil Rights Complaint Portal, which is available at: <https://ocrportal.hhs.gov/ocr/smartscreen/main.jsf> or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019/TDD: 1-800-537-7697.

Complaint forms are available at: <https://www.hhs.gov/ocr/complaints/index.html>. Such complaints must be filed within 180 days of the date of the alleged discrimination.

Priority Partners MCO will make appropriate arrangements to ensure that individuals with disabilities and individuals with limited English proficiency are provided auxiliary aids and services or language assistance services, respectively, if needed to participate in this grievance process. Such arrangements may include, but are not limited to, providing qualified interpreters, providing taped cassettes of material for individuals with low vision, or assuring a barrier-free location for the proceedings. The Section 1557 Coordinator will be responsible for such arrangements.

## PREFACE

The Priority Partners MCO Formulary is organized by sections. Each section includes therapeutic groups identified by either a drug class or disease state. Products are listed by generic name. Unless exceptions are noted, generally all applicable dosage forms and strengths of the drug cited are covered.

This formulary covers selected over-the-counter (OTC) products upon prescription. A complete list is included in this formulary. You are encouraged to recommend OTC products when clinically appropriate.

The Priority Partners formulary is available online through Formulary Navigator at

<https://client.formularynavigator.com/Search.aspx?siteCode=9396395883>

## PHARMACY AND THERAPEUTICS (P&T) COMMITTEE

The Priority Partners P&T Committee is comprised of faculty physicians from the Johns Hopkins School of Medicine and other Priority Partners practicing physicians from a variety of medical specialties. Additional members of the Committee include Clinical Pharmacists and Allied Health Professionals. The actions of the Priority Partners P&T Committee are communicated to Priority Partners network physicians in the Provider Pulse Newsletter which is distributed via electronic mail and available on provider website at [www.jhhc.com](http://www.jhhc.com)

## PRODUCT SELECTION CRITERIA

The Priority Partners P&T Committee considers all new-to-market drugs for inclusion to the formulary. The evaluation includes a literature review and expert external opinion may also be sought. Formal reviews are prepared that typically address the following information:

- Safety
- Efficacy
- Comparison studies
- Approved indications
- Adverse effects
- Contraindications/Warnings/Precautions
- Pharmacokinetics
- Patient administration/compliance considerations
- Medical outcome and pharmacoeconomic studies

When a new drug is considered for formulary inclusion, it will be reviewed relative to similar drugs currently on formulary. In addition, entire therapeutic classes are periodically reviewed in an effort to continually provide the most clinically useful and cost-effective agents.

*All the information in the Priority Partners MCO Formulary is provided as a reference for drug therapy selection. Specific drug selection for an individual patient rests solely with the prescriber.*

## **NON-FORMULARY EXCEPTION REQUESTS**

A medical exception must be requested for drug products not listed in the Priority Partners MCO Formulary. To request a Non-Formulary Exception Request form, call 1-800-654-9728, or download a copy from the Priority Partners website at [www.jhhc.com](http://www.jhhc.com). Fax the completed form to the Priority Partners Pharmacy Department at 1-410-424-4607.

## **GENERIC SUBSTITUTION**

Generic substitution is a pharmacy action whereby a generic version is dispensed rather than the prescribed brand-name product. Products designated in the formulary drug list by *lowercase italic* type have generic availability. In most instances, a brand-name drug for which a generic product becomes available will become non-formulary, with the generic product covered in its place, upon release of the generic product to the market.

The U.S. Food and Drug Administration's (FDA) generic drug review and approval process assures the following requirements have been met:

1. The generic drug must contain the same active ingredient(s), be the same strength and the same dosage form as the brand-name product.
2. The FDA has given the generic an "A" rating compared to the branded product indicating bioequivalence and has determined the generic is therapeutically equivalent to the reference brand. The ratings of generic drugs are available by referring to the FDA reference, *Approved Drug Products with Therapeutic Equivalence Evaluations* (Orange Book).

When the above two criteria are met, a generic can be substituted with the full expectation that the substituted product will produce the same clinical effect and safety profile as the prescribed product. Drug products that have a narrow therapeutic index (NTI) can also be guided by these principles. It is not necessary for the health care provider to approach any one therapeutic class of drug products (e.g., NTI drugs) differently from any other class, when there has been a determination of therapeutic equivalence by the FDA for the drug products under consideration. Also, additional clinical tests or examinations by the physician are not needed when a therapeutically equivalent generic drug product is substituted for the brand-name product.

It is recommended that generic substitution not be exercised by the pharmacist with multisource products that appear in the Orange Book and carry a "B" rating, indicating that these products cannot be considered therapeutically equivalent to other products in the group. Also, state laws

or regulations may dictate the ability to practice generic substitution for selected products or categories of drugs.

It is also recommended that generic substitution not be undertaken for any unrated multisource products that might be considered narrow therapeutic index, or maintenance drugs where it is known that unrated products from different labelers are not bioequivalent.

## **MARYLAND PREFERRED DRUG LIST**

Maryland Department of Health (MDH) is responsible for formulary management of most drugs used for behavioral health purposes which are covered under the Medicaid Mental Health Formulary as well as Substance Use Disorder Medications. Drugs in these classes are carved out of the MCO pharmacy benefit and are payable as fee-for-service through Maryland Medical Assistance. Some drugs are subject to the prior authorization requirements of the Preferred Drug List (PDL) and clinical criteria. Please refer to the Maryland Preferred Drug List for a complete listing of covered drugs at:

<https://health.maryland.gov/mmcp/pap/pages/Preferred-Drug-List.aspx>

### **Maryland Medicaid Mental Health Formulary**

Drugs from the American Hospital Formulary Service (AHFS) therapeutic classes listed below are included in the Maryland Medicaid Mental Health Formulary available at:

### **Substance Use Disorder Medications**

A list of Substance Use Disorder Medications can be found at:

<https://health.maryland.gov/mmcp/pap/docs/Other%20Retired%20Do>

## OVER-THE-COUNTER DRUG COVERAGE

In addition to prescription benefits, all over-the-counter (OTC) medications on this list, up to a maximum 30-day supply, are covered by Priority Partners with a written or verbal prescription from a network provider. A prescription is not required for coverage of condoms, Plan B, or generic Plan B. OTC products covered are restricted to generics when available. If both prescription and OTC products are available, you are encouraged to prescribe OTC products when clinically appropriate.

An Abbott blood glucose meter may be provided at no charge by the manufacturer. For more information on how to obtain a blood glucose meter, call: 1-866-224-8892 or log in to: [www.ChooseFreeStyle.com](http://www.ChooseFreeStyle.com)

## PRIOR AUTHORIZATION

Certain medications require prior authorization (PA) before coverage is approved, to assure medical necessity, clinical appropriateness and/or cost effectiveness. Coverage of these drugs is subject to specific criteria approved by the Priority Partners P&T Committee. Established criteria are based upon medical literature, physician expert opinion, and FDA-approved labeling information.

To request a Prior authorization form, call 1-800-654-9728, or download a copy from the Priority Partners website at [www.jhhc.com](http://www.jhhc.com). Fax the completed form to the Priority Partners Pharmacy Department at 1-410-424-4607.

## QUANTITY LIMITS

Certain prescription medications have specific dispensing limitations for quantity and maximum dose. These dispensing limitations are based on generally accepted guidelines, drug label information approved by the Food and Drug Administration (FDA), current medical literature and input from a committee of physicians and pharmacists. The Priority Partners Pharmacy and Therapeutics Committee may place a limit on the quantity of drug a plan participant may receive based upon cost and/or clinical reasons. The list of medications subject to quantity limits may change. The most up-to-date listing of quantity limits is available on the website [www.jhhc.com](http://www.jhhc.com).

## STEP THERAPY

For some plan members who receive the pharmacy benefit, certain covered medications are required to satisfy specific step therapy criteria. Step therapy criteria simply means that for certain drug products, members must first have tried one or more prerequisite medications to treat their condition before other medications are covered through their benefit.

The following drugs and generic versions, if available, require step therapy. This list is subject to change and may not be all-inclusive.

<i>aliskiren fumarate</i> (generic of TEKTURN)	Two antihypertensives required first
<i>amlodipine besylate-valsartan</i> (generic of EXFORGE)	<i>amlodipine besylate-benazepril</i> or <i>amlodipine</i> with an ANGIOTENSIN II RECEPTOR ANTAGONIST required first
<i>amlodipine-valsartan-hydrochlorothiazide</i>	<i>amlodipine besylate-benazepril</i> or <i>amlodipine</i> with an ANGIOTENSIN II RECEPTOR ANTAGONIST required first
ANORO ELLIPTA	INCRUSE ELLIPTA required first
<i>febuxostat</i> (generic of ULORIC)	<i>allopurinol</i> required first
<i>mesalamine tab delayed-release 1.2 gm</i> (generic of LIALDA)	Other INFLAMMATORY BOWEL AGENT drug required first
OZEMPIC	<i>metformin</i> or <i>metformin</i> combinations required first
<i>pimecrolimus cream</i> (generic of ELIDEL)	Topical steroid required first

TRULICITY	<i>metformin</i> or <i>metformin</i> combinations required first
VICTOZA	<i>metformin</i> or <i>metformin</i> combinations required first
XADAGO	<i>carbidopa-levodopa</i> required first

## SPECIALTY PHARMACY

Most of the injectable products listed in this formulary for Priority Partners plan participants are available through CVS Specialty™. Prior Authorization is required for most injectables. To request a Prior authorization form, call 1-800-654-9728, or download a copy from the Priority Partners website at [www.jhhc.com](http://www.jhhc.com). Fax the completed form to the Priority Partners Pharmacy Department at 1-410-424-4607.

In addition, CVS Specialty includes delivery services to the location of the plan participant's or the physician's choice. Other services include electronic

claims processing and claims assistance designed to alleviate the administrative duties of physicians' offices. If a plan participant is unable to receive delivery of medication, specialty medication may be obtained from a retail pharmacy. Plan participants may contact Priority Partners to request obtaining specialty drugs from a retail pharmacy.
